## **BRAINSTORMS**

By Ferrin Cox

We have long thought the Alabama Democratic party was making a serious effort to self- destruct. We also thought the party leaders could change this direction if they would just look around and get the feelings of the people statewide. Well now we are hearing some party regulars voice opinions that Chairman John Baker might ought to resign "for the good of the party". We will not disagree with that statement, but it will not solve all their problems in the eyes of the voters in Alabama. We have said it and will say it again . . . . . their idea that they are right is like the car driver that knows he has the right-of-way at a certain intersection . . it on his tombstone "he was right - dead right". This is what is happening to the Alabama Democratic Party. Aside from the usual problems of trying to come up with platform opinions that please the most people, sometimes politicians have to compromise with these same people.

Sunday afternoon our family was on the highway for three or four hours. As luck would have it we were either just behind or ahead of the little rain showers in the area. We did so badly want to feel some rain and even got close enough one time to smell that sweet smell of rain, but alas we still haven't seen any as of this writing.

County politics are actually beginning to heat up a bit in Coffee County. We heard a man really get going on all the incumbents Friday afternoon. However, as is often done in the heat of battle, he got some facts wrong. We didn't say a thing, because it was not our conversation, but we say to you that the Coffee County engineer ain't the highest paid county engineer n the state . . . not by a long shot. While it is true that he makes more than the average person in this county, it ain't a high salary for such a proession and there are engineers who turned down the job, even before our folks knew Mr. Pool existed. Give them all a hard time when and where they deserve it, but please try to be factual, it turns us off completely when the truth is so far from what we are hearing.

We are graduating another group of high school seniors right about now and it is a very important time in their lives. It has been a few years, but if our memory serves us at all, we know of the pounding in their chest as they go out into the world. Part of that is genuine pride in accomplishing this mission. The other part is the uncertainty as they are thrown out into the world and don't know exactly what they will do nor if it will be successful. We wish them well and feel that with their continued hard work and efforts, they will make their goals and enjoy their life in this imperfect

The two major political parties have indicated just who will be their nominees for president in the summer conventions. However they are trying to avoid any talk of VP candidates. The Democrats are being advised by a lot of folks to pick a Southern running mate. Among the Democratic names being batted around are Florida's Bob Graham, the ex-governor; Ohio's John Glen, the astronaut; Georgia's Sam Nunn, the well-respected U.S. Senator; plus maybe a dozen others. The Republicans would probably like to have Senator Bob Dole of Kansas; or maybe California Governor George Deukmejian. Publicly all of these indicate they aren't really interested. If that be true, then we will see a whole bunch of names surfacing as the leaders try to find people as their VP candidate who will help the party win in November. The funny thing is that we don't hear the Democrats talking about adding a woman to their ticket. The events following the selection four years ago of a woman VP candidate as her family problems piled on top of the public reaction to her has a political candidate, have cured some hurts in that area for a while.

News reports indicate there were at least two teenagers who drowned in area rivers during social outings last weekend. We do hope people will be a little more careful during these events 'cause we need these young people to solve the many social and economic problems facing this country right now. Besides that, each death broke the hearts of a whole bunch of family and friends . . . . and we know it does little good after the death to say we regret the events leading up to it.

The cost of rebuilding the flowing well on the courthouse square continues to climb. Bids were opened Monday evening by the Elba city council on with the Rev. Larry Doster and building the pool. It will cost over \$6,000, even with city crews doing the Rev. Floyd Enfinger offciating. Budigging, etc. Opposing the re-working of the flowing well is kinda like be- rial followed in the Church cemeting against motherhood and apple pie, but then this money has got to come ery, with Hayes Funeral Home of out of someone's pocket, and we suspect it is the people of Elba. The total Elba directing. price will now probably exceed the \$12,000 estimated two weeks ago and is now in the range of about \$15,000. If this is alright, then we accept it; but you people don't favor this expenditure, you better speak up right away, before the money is spent.

#### We Receive Letters....

Mr. Mularz and Readers:

As always I read with interest Mr. Ferrin Cox's "Brainstorms" in last weeks issue of The Elba Clipper. I am in a position where I work with people at times whose lives have been touched by trage-dies, therefore, I understand Mr. Cox's insights regarding the difficulty our community would have been working through such a tragedy as that which occurred recently in Kentucky. A radio newsman emphasized (5/19/88) in Kentucky for the twenty-seven people killed in that accident. That tragic accident touched the lives of more people than are living in our town. There are less than 6,000 people living in

I was puzzled that Mr. Cox did not comment on the specific cause of the accident in Kentucky. I want to think that it was because he was not aware of the cause at the time of his writing of "Brainstorms" last week. The "bottom line" is--that accident was caused by an irresponwriting this to underscore the fact caused in our society by irresponsi-

sible drunk driver. I am not writing this to condemn that man. I am writing this to underscore the fact of the tremendous grief being caused in our society by irresponsible abusers of alcohol and other

There are few automobile accidents which result in such a multiple death tragedy. However, the fact -- dozens of people are killed every week in accidents which are caused by irresponsible drunk drivers, and thousands of people are touched by those deaths every week! People are being killed one, two, three, etc. at

Isn't it incredible how our society deals with other causes of death so meticulously, yet we seem to continue to "turn our heads" as irresponsible drunk drivers continue to kill thousands of people each year? By all means let's give major attention to the fact that a school bus powered by diesel instead of gasoline is safer. But what about the unsafe practice of driving while drunk?

I heard on the news recently that sible drunk driver. I am not writing the man who caused the accident in this to condemn that man. I am Kentucky will be charged with of the tremendous grief being der. Our society seems to be realiztwenty-seven counts of capital muring more and more that a drunk river is responsible for the accidents he causes.

Scale Insects In Spring Several kinds of scale insects on landscape shrubs begin a new generation when plants begin to grow in

the spring. These insects should be

controlled before they get out of You can control newly hatched crawlers of tea and euonymous scale with two or three sprays of diemthoate (Cygon, De-Fend, Rebelate) or acehpate (Orthene). However, don't use dimethoate on hollies. Repeat treatments at three-week inter-

vals, two of three times. Use insecticidal oil sprays control low populations or to suppress heavy populations of scale. Be sure to read label directions and note temperature restrictions for oil

Spring is here, and with warmer look for nests under eaves, in walls, val being presented this summer by and sale are open to anyone, but underground nests such as abandoned mammal nests or similar cav-

To control wasps, spay Diazinon, Malathion, or Baygon directly on the nest. Use a large acresol designed for wasp control. For yellow jacket or bumblebee control, locate the underground nest and treat at dusk when insects are more likely to be in their nest. Shovel dirt over the hole immediately to keep the insects from flying out.

Lice On Cattle

Lice are a common problem on cattle at this time of year. One of the first signs of high lice populations is when cattle rub and scratch themselves against fences, trees or ' other objects.

You should treat animals as soon as the lice becomes evident. Don't wait until large patches of missing hair show up on cattle and considerable damage from blood loss has occurred.

Chemical application methods include dips, sprays, pour-ons, spot-ons, and injectables. Selfapplicating devices such as dust bags and oilers may reduce lice populations, but seldom give adequate Call me for a list of recommended insecticides and rates.

Luverne Rodeo To Be Held In June

tion Championship Rodeo will be held in Crenshaw County at the Tom Harbin Farm Center on June 3

The rodeo is being sponsored by the Crenshaw County Saddle Club. Saddle Club president Wayne Rolling says, "This will be one of the biggest and most entertaining events to hit Crenshaw County in years. The ACA is the largest professional cowboys association east

the "Class of 88". Those attending were: Danett Boggan, Wade Bowden, Tracey Ad-kison, Brad Smith, Tripp Marshall, Cindy Hyatt, Randy Strickland, Stanley Forrester, Tangie Spinks, Bruce Amons, Stacey Adkison, Stan Walker, Christy Kelley, Tanva Lee, Curt Smith, Alex Hel Randy Hall, Mikey King, Shannon DeVaughan, Toby Lee, Ron Strick-land, David Smith, Angie Hutto; and Jeffery Herrington.

Household Hints And Recipes ANGELA G. HUGHES Associate County Agent NATURE'S CANDY With summer's bounty of fresh fruits you can serve your family 'nature's candy" . . . naturally sweet and nutritious without the extra fat and calories of baked goods and oth-

er sweets. Do you know the heartpleasing bonuses in fresh fruit?

\*\*\*tempting taste

\*\*\*low in calories \*\*\*low in saturated fats \*\*\*no cholesterol \*\*\*high in vitamins and minerals \*\*\*high in variety, texture and eye appeal

\*\*\*easy to prepare

Keep these tips in mind when
choosing summer fruits. Select

fruits that look fresh (rather than wrinkled or wilted) and are reasonably unblemished. Look for fruits Ann Dempser with a normal shape and size. Extremely small fruits are likely to be inferior in taste and texture and have more waste portions. Extremely arge fruits may be overly mature,

or. Other fruits can be ripened at oom temperature to suit your own WHIPPED CREAM Even if you're following current lietary guidelines and cutting down her retirement from the Coffee on sugars and fats, there's nothing

people are unsure how to store vhipped cream. For leftover whipped cream, drop t in individual mounds on a cookie heet and freeze, then place in a reezer container. It can be used imnediately as it comes from the reezer. Don't forget to use pure vatilla - imitation may give an offlavor to the thawed cream. Many people use powdered sugar as a weeting agent instead of granulated

## The Rebel News

Camille Marler-Editor

#### Z.C. Senior Prophecy

The REBEL NEWS used its crystal ball to see what the Class of 1988 will be doing after the next decade or two Here's what the crystal ball revealed:

Oma Lee Bundy will be a graduate from college and on her way to a better life. She'll keep Jesus Christ first in her life and do things that make her

happy.

In the next 20 years Lee Kelley plans to have a very large bank account. His mode of transportation will be a red Camaro and he'll have a girlfriend, too. Wanda Barnhill will be a registered nurse in California, be married with 2 children and living in a penthouse having the time of her life.

Mickey Napper will be living in
North Carolina working for a multi-

million dollar welding company.

Helen Baker will be successful in her career and be happily married to a Michael Flowers will still be Camille Marler isn't sure what

she'll be doing.
Sean Collins will have finished his education and have his own car busi-Thomas Boswell plans to be with Shannon Jinright working, saving money and hopefully building his own

Melody Bray will be a senior at UAB graduating with a degree in physi-Angela Rodgers will have completed law school and opened up a law firm of her own. She also expects to have found a man lucky enough to mar-

In 10 years Wayne Davis will be working at a major architectural firm in Birmingham as a draftsman, driving a new Mazda RX-7 convertible and living in a condo with someone special. He will visit his parents in Elba at least

twice a month.

Lavonia Johnson will be happily married to Rex Jackson and will live in a big house with a white fence around it. She'll own several racking horses and quarter horses, drive a 1998 Pontiac and teaching business education at a col-

Donna Michelle Griswold will have a successful career as a pharmacist and be residing in Birmingham.

Tracy Pearson plans to be a very successful black woman working with a large corporation. She is determined to be a psychologist, but is also interested

in professional cheerleading.

Rena Flowers will be working at Ft. Ruckef as a sales clerk, will have a house and car of her own and will be uccessful and thankful, and also mar-

In 10 years Chris Acreman will James Liptrot will be living in Birmingham and attending the South Plain Technical College, studying comouter electronics and will then move to Jane Davis will be settled in the

areer of her choice and will be making ing the car of her choice and living the

Alabama and teaching practical nursing. She will be going to a four year university after working as an LPN and not be

Pete Bryan will be leading the Chicago Bears to a Super Bowl victory, driving a black Ferrari, dating Miss America and enjoying life to its fullest.

Greg Hall will be working as a diesel mechanic either for himself or a trucking company and will have his won home, car, truck and will probably

married to Brian McLeod, will be a

In 20 years Chris Messina will be working in an office and have two chilettled down, have a steady job and per-

haps be married with a baby. Melody Dawn Bray will be a senior at the University of Alabama preparing for graduation. She will be working parttime at the University Hospital as a physical therapist and will be living in an apartment and driving a new Monte Carlo or GrandAm.

married to Teresa Turner and living a successful life in the engineering field.

In the next 10 years Don Rhoden will be married to Leigh Ellis and have two children, a boy and a girl.

Glna Huckabaa will have finished with the United States Air Force and with the United States Air Force and a spece of my tweethers the states are the states with the United States Air Force and a spece of my tweethers the states are the states and the states are the states and the states are the sta with the United States Air Force and will be well underway with her career as a piece of my sweet heart and hope that she never loses her sweet tooth; to an air traffic controller. She will be a Sandy, Tonia and Susan I leave my successful and very rich "bachelorette."

HELEN BAKER NAMED SAyears and is the daughter of Murry and Christine Baker. She has been a member of the Beta Club, FBLA and yearbook staff, where she served as copy editor and advertising editor. She also has been named to the Coffee County Honors Club. Helen has already joined the the amount of money she chooses, driv- United States Air Force and will stationed at Lackland Air Force Base, in

San Antonio for basic training.

Of course, we had a delicious

ner, Sarah Smith, Cora McBride,
M. Boling and Wanda Sasser. meal which was served to the fol-

Blackman, Mattie Lou Goodson,

Greetings From Faith Chapel Today there is much talk concerning the "spoken" Word of God. Some people don't believe that God speaks to His people any more. And those that are used through His Spirit are often persecuted and ridiculed. Some people only believe in the Written Word. True, He does speak through this Word. Yet, He said in John 16:13, "Howbeit, when he, the Spirit of truth, is come, he will guide you into all ruth; for he shall not speak of himself, but whatever he shall hear, that

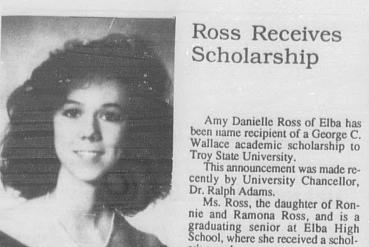

mall he speak; and he will show you things to come." John 10:4-5:
"When he putteth forth his own sheep, he goeth before them, and the sheep follow him; for they know his voice, And a stranger will they not follow, but will flee from him; for they know not the voice of stranger." When God speaks to you, you will know because your spirit will bear witness with His. For instance, if you were given blood or an organ that was not of your type, your body would reject it. Thus the Spirit of God within you is the same way; it will reject that which is foreign and not of

I know it's hard to understand, but the Bible says in 1 Corinthians 2:14, But the natural man receiveth not the things of the Spirit of God; for the are foolishness unto him; neither can he know them, because they are spiritlly discerned." Meaning - you'll only understand through God. What do you suppose people would do if God revealed Himself today. He did in the Old Testament? He appeared as fire, wind, and also as an angel. I believe many would die of fear and others would again learn to fear God's

Today God's power is still alive in His people. Second Corinthians says, "But we have this treasure in earthen vessels, that the excellency of the power may be of God, and not of us." You might think this is foolish talk, "But God hath chosen the

foolish things of the world to confound the wise; and God hath chosen the weak things of the world to confound the things which are mighty;" 1 Cor. 1:27. In conclusion, I would just like to say that if you don't understand a per son's walk with God, don't persecute them or put them down because you're only bringing wrath upon yourself. ANSWERS! TO YOUR BIBLE QUESTIONS

Please explain what the "demons" were, as in passages such as Mark 5:1-16, where Jesus sent the demons

The New Testament contains many references to demons, often called "devils" in the King James Version. These demons possessed men, women, children, and even swine, causing physical as well as mental illnesses. These demons were cast out by Jesus, the apostles, and others. Demons might have been defined as "evil spiritual beings, superior to man, but inferior to God." While there is only one devil, there are many demons. The event in Mark 5 was the incident in which the "Legion" of demons had possessed a man, causing him to run wild in the tombs. As Jesus approached the man, the demons begged Jesus to send them into the swine when He sessed a man, causing him to run wild in the tombs. As Jesus approached the man, the demons begged Jesus to send them into the swine when He cast them out. When Jesus cast them out of the man, into the swine, 2,000 swine ran over a cliff and drowned. From this incident, we learn that the demons could hear, answer, cry out, be tormented, have a will of their own, and recognize Jesus as the Son of God. James tells us that the demons believe and tremble (2:19). These spiritual beings, under Satan's control, sought to hurt and destroy those they possessed.

sought to hurt and destroy those they possessed.

The Bible is not explicit in where the demons came from, but the two most common views are that they are either the spirits of wicked men, or that they are sinning angels. Solomon said that the dead have no more "a portion for ever in any thing that is done under the sun" (Eccl. 9:5-6), so the nore likely explanation is that the demons are sinning angels. 2 Peter 2:4 els that sinned," and Jesus spoke of "the devil and his ange

xisted. Two purposes accomplished were that men were convinced of Jesus hority over the spirit realm, as He cast them out, and the word of the eardisciples was confirmed by the casting out of demons (Mk. 16:20). Although many people today believe that demons still possess men, their power to possess men ended with the close of the miraculous age, near the end of the first century. The prophet Zechariah prophesied that demon ossession would end at the same time that men ceased to speak under the direct influence of the Holy Spirit. "In that day...I will cause the prophets and the unclean spirit to pass out of the land" (Zech. 13:2). With the comletion of God's written word, what Paul called the "perfect" had come, and ired prophecy ceased (1 Cor. 13:8-10). Also, if men were still possessed today, there would be great spiritual imbalance, in Satan's favor, because nen today cannot cast out demons. ©1986 by Bob Prichard To enroll in a free Bible Corr4spondence Coruse, or to ask a Bible ques on, write to Bob Prichard, evangelist, Elba Church of Christ, P.O. #### Views From

#### The Pressbox By, Ricky Mularz

The Elba Junior High cheerleaders sponsored a softball tournament last weekend to raise money for camp, new uniforms and all the things that cheerleaders need and as usual it was the biggest tourney of the summer. Teams from across Alabama and Florida competed in the event and even if it was almost 3:00 a.m. when I finally made it home the girls raised a lot of money and everyone enjoyed the event.

#### SANDERS OUT OF ALL-STAR FOOTBALL GAME

Elba's Troy Sanders withdrew from the All-Star football game set for next month in Mobile last week after being told that his injured knee needed a little more time to fully recover from orthoscopic surgery. Sanders injured the knee lifting weights a couple of weeks ago and underwent surgery at Columbus. He was originally told that the knee would heal in time for the football game between high schoolers from Alabama and Mississippi; however, last week the doctors suggested that the 270 pound tackle bypass the game and continue rehabilitation for the fall season.

Troy really wanted to play in the all-star game and was all excited about getting the chance to represent his state, but there is no doubt he did the best thing. To play in the game would have been an honor, but Troy has a complete college career ahead of him at Florida State and it would have foolish to risk the college career for an all-star game.

foolish to risk the college career for an all-star game.

Troy, you made the right decision and everyone in Elba just wants you to take care of the knee and make it big at Florida State (and get us all some free tickets!).

their third straight cheerleader crown, defeated Hamp Griffin Toyota, of Enterprise, 13-10; Little Cease of Enterprise, 13-10; Little Cease of Enterprise, 13-10; Little Cease of Enterprise of Enterp

#### YOUTH BASEBALL LEAGUES ARE FUN FOR ALL

If you haven't made it out to the ballparks this summer you are missing a lot of excitement. Both leagues are filled with good players and just about every single game is packed with action. It's not doubt it beats the

The Dixie Youth League has gone somewhat as planned with the Astros leading the pack, followed by the Tigers, but it hasn't been all fun and games for the leaders. The Astros have to be the favorite to win the title, yet the Astros lost recently to the Cardinals, who at the time were winless. and the Tigers lost to the Mets, who had lost the night before to the Yankees, who at the time had won only once in the last two years. The standings may look like expected, but in this league any team can win at any time, making every game fun to watch!

Over in the Babe Ruth League the Reds opened the season with six straight wins, but have now lost three of their last four and appear to be slowly sinking in the west. The A's and White Sox are chasing the Reds for the top spot in the standings, while the Dodgers won twice last week and all of the sudden are in the race. Nobody can figure this league out!

#### PLAYERS OF THE WEEK CHOSEN

The Dixie Youth and Babe Ruth leagues continued their seasons last 4, 10-7 sweep of Cherokee Vocaweek with plenty of action in every single game, making it the hardest week so far to pick the honored players. After much study, here are this

In Dixie Youth the week's top player was Scotty Farris, of the Tigers. crown. In CLASS 5A Midfield Scotty pitched five-innings and allowed only 3 hits while striking out 7 batters in a Tigers win and also collected 4 hits in 7 at bats and scored 2 runs. Honorable mention goes to Todd Grantham, Michael Grantham, Eric Cox, Blake Boutwell, Chris Hodge, Perry Stinson, David Yelverton and Kevin and 7-6 to win the title.

In the Babe Ruth League the top performance of the week was turned in by Eric Simmons, of the Dodgers. Simmons, only 13 years old, collected 4

Expo 88 run set at hits in 6 at bats, scored twice and knocked in 4 runs in leading the Dodgers to two wins. Receiving honorable mention were Hayden Young, Jamie Whitworth, Joe Johnson, Mark Matthews and Shane Spurlin.

The top players each week receive trophies donated by The Elba Clipper and Championship Trophies and the trophies are in, so, come and get'em!

There may be hope for the Atlanta Braves after all! Ted Turner proved last week that he still cares about baseball by firing manager Chuck Tanner

Lake Eufaula.

A 5K run and a one-mile fun tax deduction, but now that he's dumped Tanner maybe he'll get involved erately hilly. Registration will conand at least try to make'em respectable. Let's hope so!

#### VOTE FOR AND RE-ELECT

**JIMMY** BRYAN

Coffee County Commission District 1

June 1, 1988

Dear Fellow Citizen:

Before you make your decision on June 7, I would like for you to consider some of the improvements that have been made in the last three and one-half years. I would also like for you to check the positions I have taken on several issues.

**IMPROVEMENTS** 

-By improving the jail and adding additional jailers we were able to bring the jail up to standard. The Sheriff's Department has added an additional depu-

-Four volunteer fire departments were organized that received support from the Commission. -Approximately 40 miles of pipeline was installed for ru-

ral water systems in District 1. Thirteen additional miles are in the plans for future expansion. With the cooperation of the County Commission, the Elba School System was able to renovate its football field.

-The County has assisted the City of Elba with repairs to

-\$225,000 in state grant funds have come to Coffee County for expansion of and improvements at the Farm Center Complex. -Over \$450,000 has been spent resurfacing roads in Dis-

-Four bridges have been replaced in District 1 and five more are planned for replacement this year. -All the roads in Coffee County have had proper striping applied and road signs have been replaced or new ones

installed as needed. -Major improvements have been made on several dirt

roads in District 1. -Numerous small, but necessary improvements have been made to our roads and rights-of-way.

-The county debt of \$942,937 in 1985 has been reduced to the present \$356,971. While reducing the county debt we were also able to pave several miles of road and purchase several pieces of needed equipment.

ISSUE POSITIONS -I have opposed adding taxes without the consent of the people. Rather than imposing additional taxes, I feel that all elected boards in county government should more efficiently use the taxes presently collected.

-I have opposed the plan for the new Health Department because I do not feel we are making the most efficient use of the facilities we already have. I strongly support the idea of making use of what you have before you buy more! -I am opposed to the Unit System under which our Highway Department presently operates because I don't think it serves the best interests of the people of District 1 and rural Coffee County.

I believe that county commissioners should be more involved in the day-to-day operation of county business. I believe that commissioners should periodically monitor the county budget to make sure that all departments stay within spending limits. Staying within a set budget is the key to sound and proper management of county business.

When re-elected I will continue to work for the best interests of the people of District 1 and Coffee County.

Your vote and support will be greatly appreciated on June

Sincerely

(Paid Political Ad By Jimmy Bryan, Rt.1, Jack, Al.)

And, O Lord God let me not forget A boar ready for service should COFFEE COUNTY, and littermate carcass data that are weigh at least 250 pounds and be at ALABAMA, least eight months old, Also, in ELBA DIVISION struggle for right in the real world. Re- choosing a boar make sure that you member you parents, and friends, and choose that will compliment the pray for your enimies. Work hard and let Jesus lead you.

gilts and the sows in the herd/ Usu- PROBATE WILL ally, producers keep replacement for ally, producers keep replacement fe Congrautlations on your gradua- males from within their own herd and select replacement boars from other breeders. With this method. through a three generation pedigree the boars will have contributed

around 90 percent of the genetic material to the pending pig crop. Thus, boar selection is the biggest contributor to the success of the breeding program. Farmers are faced with high feed and production costs. Consequently, the boar which saves feed and gets pigs to market will make a better profit. There are some guidelines in selecting boars. I would try to have May 17, 1988, as the day to hear the them at 150 days old, and they should be around 230 pounds. Average daily gain performance data should show two pounds a day. Feed conversion should be around 2.7 pounds of feed per pound of Court has entered an Order contin gain. Backfat at 230 pounds should gain. Backfat at 230 pounds should be nor more than one inch. Loin A.M., at the Coffee County Courthouse eye area at 230 pounds should be 5.6 square inches. Litter size should be eight or more uniform pigs. Underline should have 12 or more evenly spaced teats. Temperament should be masculine and aggressive.

Feet and legs should be able to tolerate confinement, and his health should be in really top-notch shape. You should buy your boars about 45 to 60 days before the breeding season. This will give you plenty of time to locate superior an imals and be able to check them out and make sure they are going to do what you want them to do. I would ate the newly purchased boars round 30 days once you get them your place unless you need them right away and then you might not

be able to isolate them because of Young boars are still growing and they need to receive four to six pounds of a 14 to 16 percent protein ration per day. Older boars won't need quite this much. Also, on young boars I would not allow them to breed more than once daily and seven times weekly. A mature boar can go up to two services a day and as many as ten weekly. These are just guidelines on boar selection and management since your boar is such a critical part of your farrowing operation.

If I can help in any way with the swine production part of your farm, be sure and call me at 894-5596. We can visit here at the office or on

## ROBERT G. **STEPHENS**

COFFEE COUNTY COMMISSION DISTRICT 3

DIRT ROADS DON'T HAVE TO BE BAD!! Mr. J. L. Mathews lives on a dirt road near the Perry's Store Community in Coffee County and reports that the road on which he lives is in the best shape it's been in since he moved there over 40 years ago.

We have many miles of dirt roads in this county and district and while they may not all be as good as the one Mr. Mathews lives on I pledge to continue working to make every single road in District 3 an All-Weather road that residents can travel without fear no matter hat the weather conditions. The state and federal tax dollars often go to improve the Interstate highways and the roads are important; however, no road is any more important that the road people depend on for daily transportation and as long as I am your commissioner you can depend on me to keep all the roads in District 3in as good a shape as possible!

(Paid Political Ad By Robert G. Stephens, Elba, Al.36323)

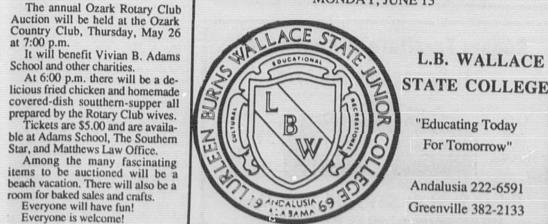

Yes, it's true if you are a graduate of WALLACE STATE'S FO-RESTRY TECHNOLOGY PROGRAM. WALLACE offers a twoyear forestry technology degree, which is one of only two in the state of Alabama.

Traditionally a man's field, forestry technology is now an emerging occupation for women. The forestry skills needed to perform the job are becoming keener and more technical. Come --- take the challenge at WALLACE and begin your career in FORESTRY TECHNOLO-GY that is both challenging and rewarding.

> SUMMER QUARTER REGISTRATION MONDAY, JUNE 13

#### Smith Receives Doctoral Degree

Henry Jack Smith, an Elba native, received the doctor of educa-tion degree from Southwestern Bap-tist Theological Seminary in Ft. Worth, Tex., during commence-ment ceremonics on May 13.

In a related event, Jack was honored by Ft. Worth's Rosen Heights
Baptist Church during a banquet on
May 11, with Dr. Philip Briggs,
professor at Southwestern Seminary as featured speaker.

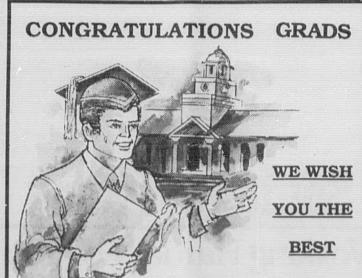

Jack is the son of Henry J.
Smith and Margaret Brunson
Smith, both of Elba, and the grandson of the late Mr. and Mrs. Arthur Claire Brunson of Elba, and the late Mr. and Mrs. Andrew Smith of Dothan, and the great-great grandson of Jesse Mercer Rowe, first pastor of

Elba First Baptist. He was licensed to the gospel ministry and later ordained by the First Baptist Church of Elba, where

he was a member. Smith is a graduate of Elba High School. He received the B.A. degree from Troy State University, the Master of Religious Education de-gree from Southwestern Seminary, and the Master of Astr in Policieus and the Master of Arts in Religious Education degree from Southwest-

He is presently minister of education in Rosen Heights Baptist Church, Ft. Worth.

He and his wife, the former Stage Hawks a parity of Plant ill. cy Hawks, a native of Blytheville, Ark., have two daughters: Emily, age four, and Natalie, two.

LICENSED PRACTICAL NURSE OF THE YEAR....Monica Craig, an LPN at the Elba Nursing Home, was recently selected as the "Licensed Practical Nurse Of The Year" by the staff at the Elba General Hospital and Nursing Home. She has been on staff at the Elba Nursing Home for the past four months.

The ballpoint pen was invented by two Hungarian brothers—George and Ladislao—who agreed on the advantage of quick-drying ink for use in pens. They constructed the prototype and in 1938 applied for a patent.

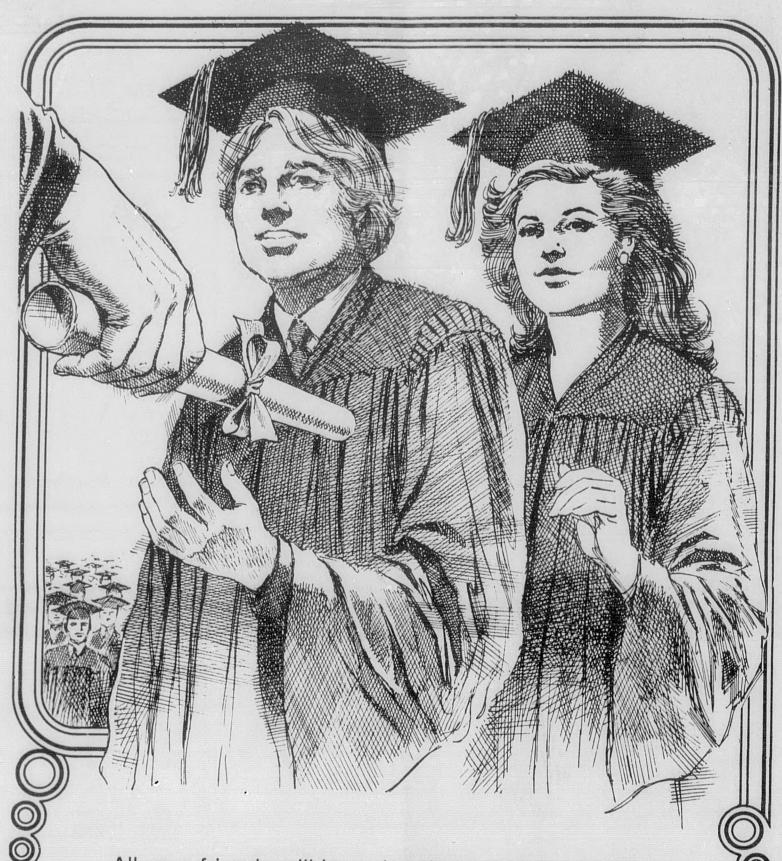

# TO THE CLASS OF 1988

All your friends will be going their separate ways. Whole new worlds will be opening up for you, full of fascinating and sobering discoveries. But your paths will cross from time-to-time, bringing back all of the warm and funny memories. As you choose your individual roads to travel, we want to wish you all the happiness and success in the world.

## Clearing house in county will enable local agencies to share information on aid to needy residents

The Coffee County Department of Human Resources released its monthly bulletin last week and in

monthly bulletin last week and in the report county director Ronald Smith stated that the county agency was continuing to operate efficiently despite being understaffed.

"The work of the agency is continuing in a smooth and efficient to this position, we also need a "The work of the agency is continuing in a smooth and efficient to this position, we also need a "The work of the agency is continuing in a smooth and efficient to this position, we also need a "The work of the agency is continuing in a smooth and efficient to this position, we also need a "The work of the agency is continuing in a smooth and efficient to this position, we also need a "Smith also reported that the state less help," stated Smith. "Governor Hunt has approved the hiring of 58 more service workers in child well-fare and Coffee County has requested one of these positions. In addition to this position, we also need a "Smith also reported that the state less help," stated Smith. "Governor that completed an audit of the county's child support collections and found them to be in excellent order. Community Resources director Glenda Smith reported that the state less help," stated Smith. "Governor than dompted an audit of the county appear to be a useful tool in the future. The parenting skills class at prector Glenda Smith reported that the state less help, "stated Smith. "Governor than dompted an audit of the county and completed an audit of the county and complete an audit of the county and complete an audit of the county and complete an audit of the county and comple

ent sessions of parenting skills classes were also completed during the working day with groups which the Extension Service was also working with." "One of the best accomplishments of the month was the fact tion was established with and

through the Enterprise Ministerial Association," added Mrs. Smith. There were several other groups which elected to participate in this project and it was the culmination of something we had been working on for a long time. I feel the clearfor all concerned and this office will act as the clearing house, which means that all persons seeking assistance with food, rent, utility bills, etc., will be cleared through this office and a file will be kept on

agency. We hope this will prevent duplication of services."

Service Unit supervisor Cathie Hansen reported that during the month of April her department had investigated a total of 25 cases of abuse, with the cases including 10 physical, 6 sexual and 9 neglect. Adult abuse/neglect cases numbered

the services rendered and by what

Open cases reported included 14 adoptions, 45 foster care, 26 day car homes, 18 foster homes (approved), 16 foster homes (inquiries), 94 child protective services, 87 adult protective services and 34 medicaid

waivers. Care Month" in the state and during the month the county honored two

special people.
"Mrs. Sue Pryor and her husband, Rev. Waymon Pryor, have been foster parents for over 10 years and have provided excellent, loving care to many children," according to The Elba Board of Education met n special session on Thursday ments at all schools that took place will be approved that we can all where and travel any distance to see that were introduced in the last legis lative session included increases in revenue in such areas as teacher time of all different ages with all The lack of a state approved Edu- salaries, replacement funds, mainte- different backgrounds and problems

FLOWING WELL POOL is a step closer to being restored with the pouring of the pool this week. The 33 foot wide pool on the courthouse lawn will be home to a fountain and a school of goldfish. Cost of the project is being funded by donations with the City of Elba and the Coffee County Commission pledging to cover any shortfall in funds.

JUNE

FIRE AT THE NURSING HOME The residents of the Elba Nursing Home were quickly removed from the building Saturday when smoke was discovered pouring up from the basement and staff members realized something was burning. From time of discovery until all residents were safely outside took only 20 minutes with staff and volunteers helping out. More than one resident chipped in and helped also. Former Elba Police Chief Jack Smart, also a resident, often helps fellow residents and Saturday was no exception. Smart was seen helping a less mobile fellow resident out of the building and re-entered to see if he could be of further help. The fire was only a motor burning out and cutting off the electric current ended the fire.

#### Supt. Crews reports 1987-88 school year was a

#### success because of efforts of all personnel in system

in special session on Thursday morning, May 26, and handled only routine matters involving the clos-

Supt. Billy Crews reported that tion that the positions be discontinued at the end of the year.

Crews explained that if the funds were available and the positions be discontinued at the end of the year.

The superintendent also stated that there was a possibility additional courses would be added to the work that there was a possibility additional courses would be added to the the order of the year,"

ority in filling the positions. The wording of the official board policy was changed concerning a re-

quirement that teachers without a Master's Degree attend postgraduate

teacher without the degree must earn a minimum of six semester hours over a five year period in additional educational classes or the equivalent; while the local board 's policy stated that the teachers without a Master's Degree must receive 30 hours of additional study.

The superintendent told the board members that workshops and inservice instruction counted in the accreditation requirements and reported that the system has no teachers who fail to meet the standards. The board approved the change in the local policy so that it will read as in the accreditation require-

Several of the board members stated that they had received complaints about the prom being held outside the city. The members echoed the concerns of the parents involved and expressed hope that in future years the annual event could remain within the city. The next regular scheduled meet-

ing of the Board of Education will be on June 9. Following the meeting, Supt. Billy Crews stated the 1987-88 school year "was a good year because of the hard work of all per-

during the year and said he anticipated an even better year for the 1988-89 term. islative session included increases in revenue in such areas as teacher

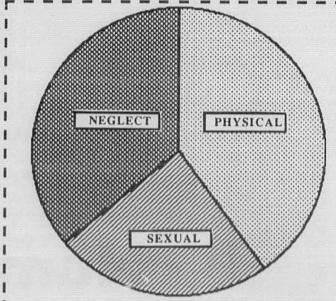

three aides, one teacher and one bus driver were hired after the present school year began with the stipula
cation Budget is a cause of concern, according to Supt. Crews, but he reported the outlook appears to be cation Budget is a cause of concern, and we are confident that whatever budget is finally passed additional foster parenting activities and is

needed for the 1988-89 school year the employees would be given prithe e feel confident that a new budget later date.

#### Unemployment rate dips to 6.8 percent in state Alabama's unemployment rate rate of 7.6 percent, according to

ourses.

The Southern Association on to 6.8 percent in April and also bama Department of Industrial Re-Accreditation standards state that a measured well below the year ago lations.
